

For Immediate Release:

## SuperShuttle takes the summer vacation and gives it a lift, Five dollar Rides and Double Airline Miles from now until September 15

PHOENIX (June 30, 2009) SuperShuttle, the nation's largest shared ride service to and from 33 airports, is giving families a lift for their summer vacations by offering additional passengers traveling to and from a residential address a ride for just five dollars. Families who participate can also earn double miles on all SuperShuttle's airline partners. Vacationers can park their cars safely at home and let SuperShuttle do the heavy lifting.

This special offer makes [SuperShuttle](#) the least expensive option for families traveling this summer with the additional bonus of "double airline miles" for the primary member of the family who belongs to either [Delta Airlines SkyMiles®](#), [Frontier Airlines EarlyReturns®](#), [Northwest Airlines WorldPerks®](#), [United Airlines Mileage Plus®](#), or [US Airways Dividend Miles®](#) programs. That means 100 miles earned each way on any one of SuperShuttle's many airline partners.

"SuperShuttle is the only truly national airport shared-ride service in the country that offers door to door service to and from home, said Ken Testani, senior vice-president of marketing and sales for SuperShuttle International. "We believe that the 'Summer Lifts' promotional \$5 additional passenger fares and double frequent flyer miles is not only an additional incentive to book SuperShuttle reservations online, but also a reward for customers who know that sharing a SuperShuttle ride to and from the airport saves on gas, means fewer cars on the road and ultimately fewer greenhouse gas emissions."
